

HIV/AIDS IN LOUISIANA

While the federal government's investment in treatment and research is helping people with HIV/AIDS live longer and more productive lives, HIV continues to spread at a staggering national rate of over 40,000 new infections per year. The following data represent the total reported AIDS cases in Louisiana through year-end 2005:

Total Reported AIDS Cases

Demographic Trends

It is the position of AIDS Action that the current HIV/AIDS statistics represent only a portion of the epidemic in the U.S. The data below only captures the AIDS cases that were confirmed through testing and reporting; thus, it does not reflect the demography and size of the HIV positive population that has not yet been tested or reported.

*TOTAL LIVING AIDS CASES BY GENDER, 2005

*PERCENTAGE OF TOTAL LIVING AIDS CASES BY GENDER, 2005

*TOTAL LIVING AIDS CASES BY RACE / ETHNICITY, 2005

White, Not Hispanic	2,592
Black, Not Hispanic	5,237
Hispanic	241
Asian/Pacific Islander	17

FISCAL YEAR 2005 FUNDING FOR HIV/AIDS IN LOUISIANA

At-A-Glance

	Department	Agency	Amount
HIV Prevention	Health & Human Services	Centers for Disease Control & Prev.	\$5,282,440
Ryan White - Title I	Health & Human Services	Health Resources & Services Admin.	\$6,662,691
Ryan White - Title II	Health & Human Services	Health Resources & Services Admin.	\$30,889,597
Ryan White - Title III	Health & Human Services	Health Resources & Services Admin.	\$3,144,819
Ryan White - Title IV	Health & Human Services	Health Resources & Services Admin.	\$1,448,440
Ryan White - AETC	Health & Human Services	Health Resources & Services Admin.	\$1,095,541
Ryan White - Dental	Health & Human Services	Health Resources & Services Admin.	\$564,264
Ryan White - MAI	Health & Human Services	Health Resources & Services Admin.	\$2,537,617
Ryan White - SPNS	Health & Human Services	Health Resources & Services Admin.	\$474,285
HOPWA	Housing & Urban Dev.	Office of HIV/AIDS Housing	\$7,377,000

Prevention

The Centers for Disease Control and Prevention provided Louisiana with \$ \$5,282,440 for HIV prevention programs. These funds were allocated to state and local health departments and community-based organizations to finance counseling and testing programs, public information and health education/risk reduction activities, and monitoring/surveillance programs.^v

Ryan White CARE Act

The Ryan White Comprehensive AIDS Resources Emergency (CARE) Act, enacted in 1990 and reauthorized in 1996, 2000, and 2006 is the centerpiece of the federal government's efforts to improve the quality and availability of care for medically underserved individuals and families affected by HIV/AIDS. The CARE Act, administered by the HIV/AIDS Bureau of the Health Resources and Services Administration, provides funding to states, territories, and other public and private nonprofit entities to develop, organize, coordinate, and operate more effective and cost-efficient systems for the delivery of essential health care and support services to people living with HIV/AIDS and their families.

- **Title I – Eligible Metropolitan Areas (EMAs):** Title I provides funding to eligible metropolitan areas disproportionately affected by the HIV epidemic. Louisiana qualified for \$6,662,691 in Title I funding.^{vi}
 - EMAs: New Orleans^{vii}
- **Title II – States:** Title II helps state health departments improve the quality, availability, and organization of HIV health care and support services. This title also contains the AIDS Drug Assistance Program (ADAP), which provides medications to individuals with low income and supplemental grants for emerging communities, which are defined as cities reporting between 500 and 1,999 AIDS cases in the past five years. Louisiana received \$30,889,597 in CARE Act Title II funds, which includes \$17,314,158 for ADAP and \$892,439 for emerging communities.^{viii}
 - Emerging Communities: Baton Rouge^{ix}
- **Title III – Early Intervention Services and Planning:** Title III supports competitive grants to provide medical treatment and medical support services for people living with HIV including HIV testing, early intervention services, risk reduction counseling, case management, outreach, oral health, nutrition, and mental health services. Title III supports Early Intervention Services (EIS) grants that provide services for

HIV positive individuals with low income who are uninsured or underinsured as well as grants for planning and capacity building to help rural or underserved communities develop high-quality HIV primary care. Louisiana received \$3,144,819 in Title III funds.

- **Title IV – Women, Infants, Children, and Youth:** Title IV focuses on the operation and development of primary care systems and social services for women and youth, two groups that represent a growing share of the epidemic. Louisiana received \$1,448,440 in Title IV funds.
- **Other CARE Act Funding Programs:**

AIDS Education and Training Centers (AETC) Program

AETCs provide training, consultation, and information to HIV health care providers through a network of 11 regional centers, each of which serves between two and ten states and/or territories; four national centers (the AETC National Resource Center, the National HIV/AIDS Clinicians’ Consultation Center, the National Evaluation AETC, and the National Minority AETC); and over 130 local performance sites across all 50 states, the District of Columbia, and the U.S. territories.

Funding is allocated to each of the 15 national and regional centers, which then distribute resources to local performance sites in each state.

Total Louisiana AETC Funding: \$1,095,541^x

Dental Program

The Ryan White Care Act Dental program provides funding to both a community-based dental program, to increase access to oral health care services for HIV-positive individuals while providing education and clinical training for dental care providers as well as a reimbursement program which reimburses dental schools, postdoctoral dental education programs, and dental hygiene programs for oral health care of individuals living with HIV.

Total Dental Funding: \$564,264^{xiii}

Community-based Dental Program	\$403,042
Dental Reimbursement Program	\$161,222

Dental Reimbursement Recipient	Louisiana State University

Minority AIDS Initiative (MAI)

The Minority AIDS Initiative (MAI) was created by the United States Department of Health and Human Services (HHS) and the Congressional Black Caucus (CBC) in 1998 in response to the HIV/AIDS health crisis facing racial and ethnic minorities in the United States. The program funding is channeled through several federal HIV/AIDS programs and across all titles of the Ryan White CARE Act. MAI funds target programs to enhance effective HIV/AIDS efforts that directly benefit racial and ethnic minority communities. The Minority AIDS Initiative is part of HHS' larger initiative to eliminate racial and ethnic health disparities by the year 2010.

Total MAI Funding: \$2,537,617

Special Projects of National Significance (SPNS)

SPNS is the research and development aspect of the Ryan White CARE Act. SPNS is responsible for assessing the effectiveness of certain care models, providing support for innovative models of HIV/AIDS service delivery and for assisting the replication of effective models across the nation.

Total SPNS Funding: \$474,285^{xiv}

Housing Opportunities for Persons with AIDS

The Housing Opportunities for Persons with AIDS Program (HOPWA) provides housing assistance and related supportive services for HIV positive persons with low income and their families. HOPWA funds are awarded as “formula grants” to states and metropolitan areas. Grants are also awarded to specific projects on a competitive basis through three grant programs: Special Projects of National Significance (SPNS), projects that address permanent housing and service challenges for persons with HIV/AIDS and their families, and technical assistance projects.

The Department of Housing and Urban Development (HUD) provided Louisiana with a total of \$7,377,000 in HOPWA funding. Louisiana received \$5,989,000 in formula grants^{xv} and \$1,388,000 in competitive grants under the HOPWA program.^{xvi}

HOPWA Grant Type	Funding Amount
Formula	\$5,989,000
Competitive	\$1,388,000

Serostatus Reporting

States require that cases of AIDS be reported to local and state health departments, and since 2004, all states require that cases of HIV infection be reported as well. **The data below include the number of persons reported with HIV infection who do not have an AIDS diagnosis.** As of 2007, all states will use name-based reporting. In name-based reporting, the individual who tests positive is identified by name. The CDC only accepts name-based data for its surveillance reports.

- Louisiana began name-based reporting of HIV infections in 1993.^{xvii}
- Total number of adults living with HIV infection through December 2005: 7,226

- Total number of children < 13 years old living with HIV infection through December 2005: 108^{xviii}
